LIGHTSCAPE

preview party

The Board of Directors and Woman's Board invite you to a private first look at Lightscape, the Chicago Botanic Garden's internationally acclaimed experience of light, color, and sound that transforms the Garden into an after-dark wonderland.

Stroll the illuminated trail at your own pace with gourmet drinks and appetizers along the way, a seated two-course dinner in the Regenstein Center, and desserts during the final stretch of the trail.

Thursday, November 13, 2025

5:30 p.m.

Early entry for sponsors and
\$850 ticket holders

6:30 p.m.

\$600 ticket holders

R.S.V.P. by October 24, 2025

The Chicago Botanic Garden is a world-renowned living museum and conservation science center. Spanning 385 acres, its beautiful display gardens and natural areas inspire joy, curiosity, and learning while fostering community connections. The Garden is an international leader in plant conservation science, education, and community engagement, addressing today's critical environmental challenges to help both people and planet thrive.

Proceeds from this event ensure that the Garden continues to preserve nature's diversity, connect people with plants, and advance vital research, education, and programs that power our mission: we cultivate the power of plants to sustain and enrich life.
